"The rights of persons, and the rights of property, are the objects, for the protection of which Government was instituted.

"When an excess of power prevails, property of no sort is duly respected. No man is safe in his opinions, his person, his faculties, or his possessions."

James Madison

★ *Secure the Border*

This is a complex issue that needed to be addressed yesterday. A nation which does not have secure borders is not really a sovereign nation at all.

★ *Get Out of the U.N.*

I support H.R. 6645 and S. 3428 - DEFUND Act of 2023

★ *Medical Freedom*

“Unless we put medical freedom into the Constitution, the time will come when medicine will organize into an undercover dictatorship to restrict the art of healing to one class of men and deny equal privileges to others; the Constitution of the Republic should make a special privilege for medical freedoms as well as religious freedom.”

Dr Benjamin Rush, signer of the Declaration of Independence and a medical doctor

★ *Defund the W.H.O.*

I support H.R. 79 - World Health Organization Withdrawal Act

★ *Integrity of Our Currency*

I oppose any form of currency — including Central Bank Digital Currency — which gives the government more oversight and control over how you spend your money.

★ *Private Property Rights*

Ownership and control of personal and private property is among the unalienable rights with which the Creator has endowed man, and are key to a successful free market.

★ *Food Security*

I am in favor of any bill that protects our family farms from inheritance taxes and onerous oversight by our government, including harmful treaties.

★ *Critical Infrastructure*

The protection of our national electrical grid from foreign compromise must be a priority, as well as upgrading it.

★ *Natural Rights*

Those natural, “unalienable rights” guaranteed by our Constitution must be the standards by which all legitimate government activity is framed.

“So great moreover is the regard of the law for private property, that it will not authorize the least violation of it; no, not even for the general good of the whole community.”

William Blackstone
